The Honorable John Whitmire, Mayor
Members of the City Council
City of Houston
P. O. Box 1562
Houston, Texas 77251-1562

**RE: 2026 ANNUAL BUDGET
TRINITY RIVER WATER CONVEYANCE PROJECT**

Mayor Whitmire and Members of the City Council:

In compliance with provisions of the Operating Contract between the City of Houston (the City) and the Coastal Water Authority (CWA), the Board of Directors respectfully submits the 2026 Calendar Year Budget for the Trinity River Water Conveyance Project for your consideration and approval.

The CWA 2026 Proposed Budget of \$36,022,020 is an increase of \$98,510 from the 2025 Operating Budget of \$35,923,510. The 2026 Budget supports CWA's expected delivery of 241.8 billion gallons of water for the City's treatment plants and its industrial, municipal and agricultural customers

The 2026 Budget activities include the repairs of large pumps and motors needed at the two pump stations. These activities include repairing seven large pumps and six large motors along with repairs to the electrical equipment controlling the pump operations.

The Authority's Board of Directors and its management team continue to identify activities where costs could be reduced and still allow CWA to meet its obligations to the City. Some of these activities are:

- The Authority had negotiated a rate reduction in the electricity contract that remains in effect through December 2026.
- The Authority anticipates an increase in the cost of property insurance and employees' medical insurance policies in 2026 and will be looking for options to minimize any anticipated increases.

The proposed 2026 Budget is the product of several meetings and discussions between representatives of the City's Houston Public Works Department and the Authority's operational and management staff members.

The Honorable John Whitmire, Mayor
Members of the City Council
2026 Annual Budget, Trinity River
November 21, 2025
Page 2

The proposed budget provides minimal funding in the event of unanticipated occurrences. The failure of high-cost equipment or severe weather conditions that damage the system may result in a supplemental funding request. In such an event, the request would be documented as to need and coordinated with the Houston Public Works Department.

The members of the Board of Directors wish to express their appreciation to everyone involved in this Project, especially those City employees of Houston Public Works Department for their cooperation and assistance in furthering the CWA Project as a major contributory resource for the Houston Combined Utility System. We look forward to continued efforts in planning and providing for the further growth of the City of Houston's water requirements.

Sincerely,

Tony L. Council
President, Board of Directors

FACTS AND ASSUMPTIONS
2026 ANNUAL BUDGET

FACTS

1. The 2026 budget is prepared on a cash basis.
2. Trinity River books and records consist of four funds, which are the Conveyance System Development Fund, the Special Contingency Fund, the Debt Service Fund, and the Project Fund.
3. The required fund balances have been reflected at the minimum balances per the various bond resolutions and applicable contract terms.
4. Trinity River is charged with direct salary and costs as well as an allocation of certain general items based upon an overall budgeted payroll allocation of 50%.
5. The 2026 budget reflects the impact of complying with SB361 as it relates to emergency electrical reliability at the two pump stations.
6. The 2026 Capital Outlay Projects are to be funded separately with CWA's Special Project Equity Fund, City of Houston Funds, and TWDB funding.

ASSUMPTIONS

1. Salary expenses decreased due to lower retiree costs anticipated in 2026.
2. The 2026 budget anticipates staffing to support continuation of activities required to fulfill the obligation of the current contract with the City of Houston.
3. The water demand forecast reflects a slight increase in the usage by the City of Houston.
