Maintenance Mechanic - LPS Location

Company Overview

The Coastal Water Authority (CWA) is a governmental agency responsible for delivering 1.5 billion gallons of raw surface water per day to the Cities of Houston, Baytown, and Deer Park, along with over 100 industrial and agricultural customers. To manage and distribute this vital resource, CWA operates five major raw water pump stations, 100 miles of pipeline, and 75 miles of earthen canal. A team of more than 80 skilled electricians, mechanics, operators, and utility workers support the operation and maintenance of these facilities.
